- 5. My beloved friendship.**

MOTTO

Better know a few good and necessary things than many things that are not useful and ordinary.

Read less, learn less. But think a lot more.

The happiest people do not have the best thing necessarily. They just make the best everything that comes along the way.

Look at what you still have. Never look at what you have lost.

The difficulty in life has a purpose to make us tough, not falling.

ACKNOWLEDGMENT

بِسْمِ اللَّهِ الرَّحْمَنِ الرَّحِيمِ

All praise and thanks to Allah who has given mercy and guidance for the writer also the power of easier to conduct this research until finish to be research paper entitled “A Morphological Analysis of Derivational Affixes (Prefix) Un- and Dis- Used In An *English-Indonesian Dictionary by John M. Echols and Hasan Shadily*”.

In the research paper, the writer realizes that it is impossible to finish without any help, advice, and support from others. Therefore, the writer would like to express the deepest appreciation and gratitude to persons who have given contribution to finish the paper, among others are:
